Reading Joe's diary gets you the remaining objectives:

- Loot Goal: 16,000 (Normal), 18,000 (Hard), 19,500 (Expert)
- A vault with at least 10,000 loot! I have to get in there.
- One of the guests seems to have a valuable sceptre. Find it and steal it.
- If the Captain of the Guard is right, this Beltzer guy should have a sceptre, too. Steal it.
- A crystal ball to tell the future. I must have that.
- It seems that the crypt is my best way out of this place. But not before I have finished everything else.

*Where is the crystal ball?*

Find Lord Beltzer's bedroom. There's a side room behind some red drapes. Look around for a small switch.
